# Rebuilding Together®

## New Britain

Together we transform the lives of low-income New Britain homeowners by improving the safety and health of their homes and revitalizing the community.

A Safe and Healthy Home for Every Person

**Rebuilding Together New Britain** assists low-income New Britain homeowners with **home maintenance and repairs** that they are unable to complete on their own. Our goal is to ensure that homeowners continue to live in **comfort, warmth, and safety** in their own homes. Our services are delivered primarily through **volunteer labor at no cost** to homeowners.

We provide services year-round through two programs that match the skills of **volunteers** with the needs of **homeowners**. We are able to consider **as many repairs** and home improvements as our **resources** will allow.

- ◆ The home must be located in **New Britain**.
- ◆ You must be the **legal property owner**.
- ◆ You must be low-income and **unable** to complete the work on your own.
- ◆ You must currently **live in the home** and plan to remain living there for at least the **next 3 years**.

- ◆ We serve the **elderly, disabled, and families with children**.

- ◆ Contact us: **(860) 832-4389** or email **info@rtnewbritain.org**. You can also download an application online at **[www.rtnewbritain.org](http://www.rtnewbritain.org)**.

- ◆ Fill out the application including the required information about your **home and household income**.
- ◆ Provide us with information about the **repairs** you would like help with. Our aim is to improve the **safety** of your home.

**Note:** We **do not** offer emergency repair services, foundation stabilization, and major plumbing and electrical work.
